

Insight Training

Are you currently, or looking to work with blind and partially sighted people? Need some training?

Our Insight Training course is a short awareness training course aimed at giving professionals a greater understanding of how to really engage when working with blind and partially sighted people.

The Training Includes:

- ***Effective and appropriate communication***
- ***How to avoid the most common mistakes***
- ***Sighted guiding techniques***
- ***An empathy exercise using simulation spectacles***
- ***Effective advertising and promotion for community projects***
- ***The various eyesight conditions and the anatomy of the eye***
